STATE OF GEORGIA TREASURY NOTES

The collector of paper currency who would like to make a specialized collection of the notes issued by the various individual Confederate States during the Civil War period is faced with the problem of not having available any reliable and complete reference work. William W. Bradbeer in his famous work: "Confederate and Southern State Currency," originally published in 1915 attempted to list these notes. Unfortunately this work contains many erroneous listings and omissions.

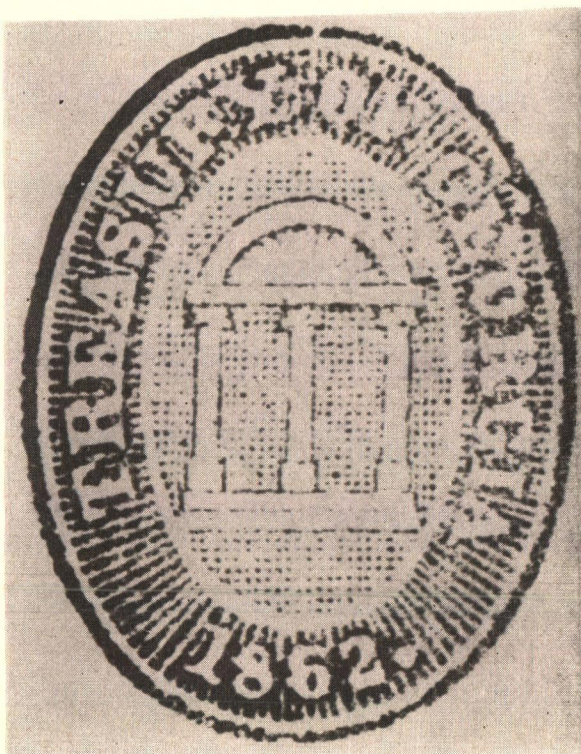

FIGURE 1
Imprint of Treasury seal

All of the various notes issued will probably never be known. The issues of the State of North Carolina alone would fill a small volume. Bradbeer lists 150 different notes for this state, about 100 other and unlisted varieties are known to the author.

Georgia being the "native heath" of the author, it was decided to present a comprehensive listing of all known issues of this state during the war period. A modern and revised classification system is employed and the old "cart before the horse" method of beginning with the highest denomination and working down to the lowest is abandoned, the modern and more practical approach of starting with the lowest and working up is used.

The first issue of the state was dated January 15, 1862 and the last March 20, 1865. All notes are lithographed and the reverses are left blank. The printers and engravers employed were: R. H. Howell of Savannah, Georgia, and Douglas of New Orleans. From unsigned and proof specimens in the collection of the author it is evident that the imprint of the State Treasury seal (Figure 1), and the colored overprint found over the value labels on some notes were added after delivery of the sheets and quite possibly after they were numbered and signed. This procedure was probably a protection against theft and an accounting aid. The notes appear on various weights and types of paper but no water-marked specimens have been noted.

Various denominations were used ranging from 5¢ to \$500 and varying with the various issues. Odd denomination notes of \$3 and \$4 were issued, however in limited quantity. Both values are rather scarce. Various redemption dates were used, that found on the \$10 note of March 20, 1865 being somewhat peculiar and reading as follows: "The State of Georgia Will Pay The Bearer Ten Dollars at Her Treasury In Confederate Treasury Notes On The 25th Of December, 1865, Or Within Three Months Thereafter If Presented, Otherwise Not Redeemable Except In Payment Of Public Dues. Receiveable At All Times Before And After Maturity For TAXES AND PUBLIC DUES."

The fractional notes were issued only in 1863. It is an interesting and not very well known fact that all coin had quite naturally vanished from circulation early in 1861 and a serious small change shortage existed. The central Confederate Government did nothing to alleviate this situation until 1863 when fractional notes of 50¢ denomination were issued. This was however the smallest value issued by the Government and the citizens of the Confederacy were entirely dependent on the various fractional notes issued by the individual states and by private firms and individuals for change.

The listing of the State of Georgia issues follows, varieties unlisted by Bradbeer are indicated by the symbol "*."

A TIBETAN PAPER NOTE

By H. F. BOWKER

Of topical interest to collectors of paper currency may be a specimen of a Tibetan paper note recently received. It is similar, though smaller, than some Tibetan notes which were illustrated but not adequately described in the October 1949 issue of the *Numismatic Scrapbook*.

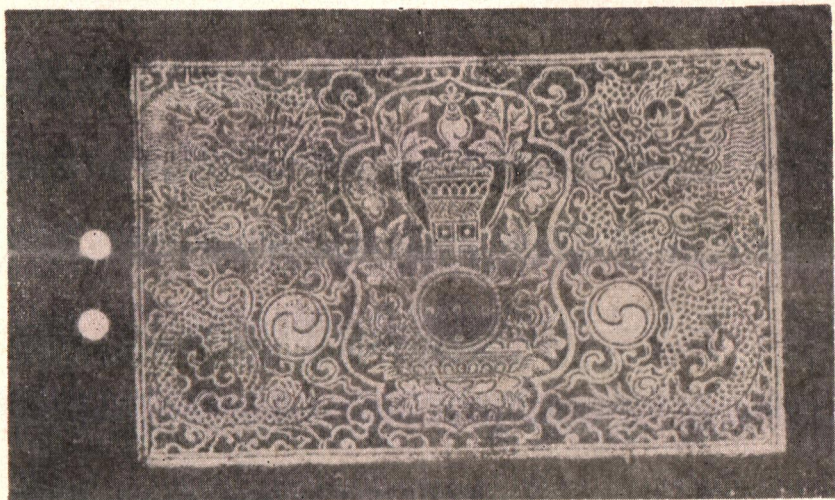

The face is printed in four colors, red, yellow, blue, and black, while the reverse is in red only. The printing blocks measure $3\frac{5}{8}$ " by $2\frac{1}{4}$ " overall, and are printed on paper measuring $4\frac{3}{4}$ " by $2\frac{13}{16}$ " with two small circular holes at the right for stringing the notes into bundles. When the note is held to the light a horizontal line of black Tibetan characters may be seen through the paper in the manner of a watermark. These were apparently printed on one of the two sheets of which the paper is composed during the process of manufacture.

The obverse background block is printed in yellow ink, which does not show up in the accompanying illustration, consists of a conventional pattern extending under the four upper and lower corner inscriptions, the second and third and fourth horizontal panels and the ornamental rectangles at either side of the panel in which the serial numbers are handwritten in black Tibetan numerals, and the side panels in which the circular red and square black seals are printed. The upper and lower, as well as the right and left vertical panels and the lines marking off the various rectangles are printed in red. The center panel and the second horizontal panel and the four corner ornaments upon which the black Tibetan characters are printed and the balls and ribbons in the small rectangles adjacent to the right and left lower squares are printed in blue.

The long Tibetan inscriptions immediately above and below the center panel, as well as the four corner Tibetan inscriptions are printed in

black. A translation of these is entirely beyond my capacity, except that it is recognized that the two lower corners have the value "five" in Tibetan script, which is understood to be the value of the note, but whether in terms of *rupees* or *tangkas* is not clear.

The Chinese influence is noted in the style of the "lion-dog" in the center panel, as well as in the *Yin-Yang* symbols and dragons in the reverse design. Included in the right- and left-hand vertical panels are inscriptions which appear to be in the old Uigur form of Mongolian characters and similar in style to the right-hand square black seal, if indeed they do include a repetition of that seal's inscription. The left-hand red circular seal appears to be composed of highly stylized Tibetan characters.

Two or more varieties of these notes are known, differing principally in the size and depth of impression of the black Tibetan inscriptions. The accompanying illustrations are reverse photostats in which the blank paper appears in black while all of the ink impressions, excepting the yellow which is entirely absent, appear in white.

PHOENIX COIN CLUB CELEBRATES SIXTH BIRTHDAY

Sunday, December 10th, 1950, the Phoenix Coin Club celebrated its sixth birthday with an all-day meeting and luncheon at the En Canto Club House with sixty-six members and guests enjoying the festivities. The guest list was headed by M. Vernon Sheldon, President of the A.N.A. and his lovely wife, Marcella. After luncheon President Sheldon presented the Club with the First Place National Coin Week Award Plaque. The Phoenix club has the distinction of winning the First Award for the last three years in succession. In accepting the award for the Club, President Don Sherer announced its intentions of placing displays during the 1951 Coin Week, however, they definitely will NOT enter competition. Thanks fellows, for the sportsmanship! New York Yankees please note!

Other out-of-town guests were: Leonel Panosh, A.N.A. Second Veep and his charming wife; Jack Ogilvie, A.N.A. Historian; F. W. MacKay, President of the Orders and Medals Society of America; Karl Brainard, President Bay Cities Coin Club; S. J. Kabealo, Auction Dealer from Pasadena, Calif.; Dr. C. Glen Curtis, Herbert Bergen and Arthur Shipkey of the famous Orange County Coin Club. Bergen, Brainard and Curtis were members of the National Coin Week Awards Committee, and came over to learn just HOW the Phoenix club did it. Three times in a row — Zowie!

There were a representative number of displays such as Swedish Plate Money trucked in by Bergen and Curtis, Porcelain Money by Panosh, and a Treasure Chest of modern American by young Sherer who spoke briefly on how he became the Club's youngest collector and the trials and tribulations connected therewith. Marcella Sheldon exhibited famous medals including the A.N.A. group, while Vernon's case contained a group of ancient Greek coins prior to the Roman era. This exhibition was unique in that it contained the exact coins which were reproduced on the new colored slides and given their world premier showing that afternoon by President Sheldon himself, who has taken a great personal interest in this, the Edward T. Newell Extension of Numismatic Knowledge or Plastic Slides Program. He has spent considerable of his own time and money in improving the photography and technical details, and the innovations he has fostered show up exceedingly well in the new product.

Just who is responsible for such a successful coin collectors carnival as was presented that Sunday? A lot of the credit can be given Don Sherer, the Club's President, and about sixty ardent members. However, main credit must be given to that very affable gentleman, V. Leon Belt, ex-president of the A.N.A., who began fostering the Club six years ago. That he has accomplished phenomenal results is written in the history of its achievements, in winning awards, the enthusiasm of its membership and the general success of the Club. This year it has shouldered the responsibility of sponsoring the Diamond Jubilee Convention to be held in Phoenix next August 25 to 29 and Mr. Belt has been named General Chairman.

THE ORGANIZATION MEETING OF THE UNCAS NUMISMATIC ASSOCIATION

Collectors here in the eastern part of Connecticut have long felt the need for a Coin Club in this area. After some preliminary planning we decided to ask Oscar G. Schilke of Beacon Falls to help us organize. On Sunday afternoon, November 26th, we met at the home of Charles Leone, in Norwich, with this purpose in mind. Mr. Schilke took the chair and read a proposed set of By-Laws. After their adoption we decided on the Uncas Numismatic Association as the name for our new organization.

An election of officers followed and the result was as follows: John Kennedy, President; Chas. Leone, Vice President; Joseph Mrowka, Treasurer; Normand Paradis, Secretary; Harry Schatz, Librarian and Curator.

After installing the newly elected officers Mr. Schilke turned the meeting over to the President. President Kennedy appointed a Membership Committee and a Housing Committee. An Honorary Life Membership in the Uncas Numismatic Association was unanimously voted to Mr. Schilke "in grateful appreciation of his unselfish and untiring efforts in our behalf."

V. LEON BELT, GENERAL CHAIRMAN DIAMOND JUBILEE CONVENTION

Many members of the A.N.A. had the pleasure of a personal acquaintanceship with V. Leon Belt during his six-year tenure as an officer of the association, first on the Board, next First Vice President and then President. It was not the writer's good fortune to meet this amiable fellow until recently at a gathering of numismatists in Phoenix, Arizona. Almost instantly, it was quite understandable why Leon Belt was assigned the difficult task of serving as General Chairman of the Diamond Jubilee Convention to be held in Phoenix next August 25-29.

We found Mr. Belt to be a very genuine and sincere person. Friends and fellow numismatists have long recognized his phenomenal ability to guide any venture he undertakes to a successful outcome. Since he started fostering the Phoenix Coin Club, it has taken on new life and in six short years has become one of the most outstanding and progressive clubs in America. The sponsoring of the Diamond Jubilee Convention in 1951 will be their biggest venture. They are behind the General Chairman to a man. They wish to aid their congenial leader in making this event one of the greatest in the history of the A.N.A.

Accompanied by Karl Brainard, this writer arrived in Phoenix the evening of Dec. 9th. We were joined at dinner by A.N.A. President M. Vernon Sheldon and his charming wife, Marcella. After dinner the foursome was greeted by Leon Belt, Don Sherer and a host of other prominent Phoenix numismatists in the lobby of the Westward Ho. This famous hostelry will house the 1951 convention, and Leon personally guided the group through its wonderful facilities available for the coin conclave. Every room in this beautiful structure is air-conditioned and kept at a temperature to suit one's personal comfort. Its advantages are numerous and more will be mentioned about them later.

Within the state of Arizona is the Grand Canyon, the Painted Desert, the Petrified Forest, and many other famous parks and monuments. It boasts some of the most beautiful scenery in the world. Leon Belt wants you to see as much of his wonderful state as is possible. He has selected a committee to aid you in planning your itinerary to and from Phoenix. He has assigned to himself the task of looking after your comfort and enjoyment. The sparkplug of the successful Phoenix Coin Club asks you sincerely to plan on being his guests at the Diamond Jubilee Convention next August.

COINS AND MEDALS RELATING TO THE REFORMATION PRESENTED TO THE CONCORDIA HISTORICAL INSTITUTE

What may be the largest and most comprehensive collection of medals and coins in the United States pertaining to the Protestant Reformation was formally presented to the Concordia Historical Institute Thursday afternoon, Nov. 30, at the Claridge Hotel, St. Louis, Mo.

The invaluable collection, gathered over a period of 20 years, was presented by its former owner, E. T. Schumm, a retired druggist of Oak Park, Ill., to the Rev. August R. Suelflow, Curator, and Prof. Arthur C. Repp of Concordia Seminary, President of the Historical Institute.

E. G. Schumm of Oak Park, Ill., presenting collection of medals and coins to Prof. Arthur C. Repp, President, and Rev. August R. Suelflow, Curator of the Concordia Historical Institute.

The 325 coins and medals include some of the very rare Reformation centennial pieces, struck in 1617. Also included is a medal which may be the only one of its kind in existence. It was probably struck in 1546 to commemorate the death of Martin Luther, and depicts the bust of the Reformer. The obverse shows the bust of Christ in profile. Another medal of great value is the Salzburger medal, struck in commemoration of the Lutheran refugees who emigrated to Georgia in 1734. This medal, which is not much larger than a silver half-dollar, is hollow. The interior contains seventeen finely-etched and hand-painted miniatures by Abraham Remshard of Augsburg which tell the story of the persecution and eviction of the Salzburgers from their native Austria.

The entire collection is very conservatively estimated at around \$5,000 by Mr. Schumm. As soon as sufficient space and proper show-cases can be procured, this collection will be on display at the Institute. The Concordia Historical Institute, the official depository of The Lutheran Church-Missouri Synod is located on the campus of Concordia Seminary in St. Louis, Mo.

ORDERS AND MEDALS SOCIETY OF AMERICA

The application of the Orders and Medals Society of America for membership in the American Numismatic Association appears in this issue.

This new society was formed in April 1950 upon the suggestion of a group of Pacific and Atlantic Coast medal collectors. By the end of May some forty members were registered, and today there are almost two hundred. A healthy growth for this less than a year-old baby organization. Present officers are: F. W. MacKay, President; Gleb A. Popoff, V.P.; Everett S. Ostrom, Treasurer; S. G. Yasinitsky, Secretary; Edgar T. Gershon, Harrold E. Gillingham, Gilbert W. Hoff, Robert E. Hofmeister, and Alfred A. Miller, Directors.

The Society publishes a monthly, "The Medal Collector," now in printed form with proper cuts and information for the edification of the medal collector. It also maintains an Identification and Information Bureau for the purpose of obtaining and giving information about heretofore unknown pieces. The growing library has almost a hundred volumes available to members without cost except postage. Plans are rapidly forming for the establishment of a Society Museum in the Los Angeles area.

Annual dues are but \$2.00 which includes the magazine and all facilities of the organization. Applications for membership may be obtained from S. A. Yasinitsky, 572 - 12th Ave., San Francisco 18, Calif., or F. W. MacKay, 526 W. Roosevelt St., Phoenix, Ariz.

The A.N.A. welcomes this, the newest society of the sphere of numismatics, to its midst as a corporate member. It is suggested to all serious medal collectors that affiliation with this superb organization will prove enlightening, fraternal and progressive. — J. W. O.

NATIONAL COIN WEEK 1951 — APRIL 20-26

The approach of Coin Week finds our nation, and indeed the world, uncertainly and somewhat fearfully groping through one of history's greatest crises. The time is one of anxiety, and one in which the active pursuit of a hobby may seem a frivolity to the superficial observer.

Yet, the universality of hobbies among citizens of all degrees is one of the hallmarks of the culture and way of life that we are trying with so much sacrifice to preserve.

A certain army officer, a member of the Central Illinois Numismatic Society, has been slogging through the mud, the blood, and the incredible hardships of the Korean fight. Danger and suffering have been his constant companions. Yet his wife and daughter, at his request, have faithfully attended the meetings in his absence, so that he might look forward to "numismatic news" as an occasional "lift." He has found real pleasure in returning to his friends, from the battlefield, odd numismatic items.

To this man, and to all of us, National Coin Week is one of the many symbols, perhaps none of which is of paramount importance in itself, that betoken our determination to preserve a way of life that provides such a means of fellowship and intellectual stimulation.

Let us then, with a sober appreciation of the more important responsibilities we face, not neglect to make the 1951 Coin Week a success, and a symbol of high morale. It seems no more than fitting that we declare the theme to be "Numismatics of American History."

The field is vast, and no collection is so small as to be without appropriate specimens. Nearly all the commemorative coins have a very direct historical message. The "shin plasters" of colonial days, and the fractional currency of the Civil War period both may serve as reminders of previous periods of crisis weathered by our country. The three-cent pieces tell their story of economic development. The California gold pieces tell a thrilling story of the development of the Golden West. The silver dollars form a running history of monetary and economic changes that evolved as our country grew. War medals and decorations of the United States tell their own stories.

Our principal efforts, then, will be directed toward displaying and identifying our exhibits in such a way that the historical connections will be paramount. The effectiveness of individual displays will lie more in the historical illustrations involved than in the number or rarity of the pieces contained therein.

National Coin Week Chairman

NOTES ON THE CONNECTION OF BYZANTINE COINS WITH THOSE OF THE WEST

By G. L. SCHANZLIN, Springfield, Ohio

Pepin, the Short, father of Charlemagne, instituted a system of coinage which was destined to make history. It was based on silver, with a new denarius as unit for the smaller currency, and the pound of silver as the starting point. Twenty soldi accounted for a pound, and twelve denarii, or deniers, were equal to a soldus. The denier was the ancestor of the silver pennies of Western Europe and England.

It has been held, that this Frankish system of coinage was established independently of the coinage of Byzant, but it is more likely, that its essential features were borrowed from Constantinople. The Follis of the Eastern Empire, a large bronze piece, has been traced from the time of Diocletian, through the coinage of Anastasius, down to the time of the Basilian dynasty in the ninth and tenth century, and further on. From the time of Anastasius on the Follis was equal to 40 Nummi, with fractional currency of 20, 10, and 5 Nummi, all marked with Greek letters as numerals. But the half Follis, the twenty Nummi piece, had a special name, Obolus, a different thing from the original ancient Greek obolus.

But the Carolingians also had an obolus, a silver piece, half the size and the value of the denier, and equivalent to, or actually forming the silver half penny. As late as Shakespeare's time, the accounts apparently showed,

**L, the libra, for pound,
S, for soldus, or shilling,
d, for denarius, or penny, and
ob., for half-penny.**

This may have been the original series, the farthing being only a makeshift, as it were, being the quarter section of the penny, split twice on the outline of the cross.

If the ancient silverpenny weighed 24 grains, the obolus or obole, weighed 12 grains. The obole of weight of the apothecary system is different. It weighs only 10 grains, because it is half a scruple, or the sixth part of a drachm, of 60 grains.

Constantine introduced two new silver coins, the siliqua, or keration, weighing 12 grains, and its double, the miliarensis, or miliarision. The former weighed 12 grains, the other 24 grains, at least we find, that in 428 A.D. 24 siliquas are reckoned to the solidus. Then 24 siliquas would weigh 288 grains, which would bring the 20 soldi of the pound of silver to 5760 grains, which is exactly the weight of a pound Troy. It could be then, that the original denier of Pepin is the continuation of the Byzantine miliarensis, which also weighed 24 grains. Twelve miliarenses then would weigh 288 grains, and the pound again would be the equivalent of the pound Troy.

It would seem, that the word obolus, as used in Byzantine times has come to mean one half, not only of the old follis piece, but also one half of the silver miliarensis, that is to say, the siliqua. If the English penny and the half-penny correspond to these two Byzantine pieces, then it will follow, that also the half-penny silver piece came to be named obolus, or obole.

Slides and Lectures Well Received

The Edward T. Newell Visual Education Committee, which is ably headed by Glenn B. Smedley, reports many favorable comments from clubs which have used the slides and lectures which are now available. Additional series are underway and can be applied for by writing Mr. Smedley, 8019 So. Calumet Avenue, Chicago 19, Illinois.

Following are typical of the comments received by the Committee:

I am in hopes that more sets will be made available as time goes on, and we can then perhaps keep on getting them as they are made. We have certainly enjoyed them—in fact, I believe that they have been the most interesting and most enthusiastically received features of the Club programs since I have been active in it. I hope that the work of preparing them can continue.

Dr. Orville R. Clark
Topeka Coin Club

Thank you very much for getting these to me so promptly and everyone was thrilled with these slides (Commemorative Half Dollars). They were most interesting and contributed greatly to the success of our banquet.

Robert W. Dallas
Main Line Coin Club

These slides (Commemorative Half Dollars) were quite good, and I am sure all of our members thoroughly enjoyed viewing them. In fact, one of our local coin dealers told me that she "had seen details" that she had never noticed before.

L. G. Lodge
Pacific Coast Numis. Soc.

The 25-Cent to Dollar Type Slides, which were viewed by this Society at our July 26 meeting, were very excellent; and I am sure all those present enjoyed them very much. These slides, to my mind, are excellent in that they bring out so clearly all the minute details of the engraving—much more so than using a magnifying glass on the individual coin, as one has to do at home.

L. G. Lodge
Pacific Coast Numis. Soc.

Our group enjoyed the showing of the slides (Colonial Notes and Coins). They are exceptionally well made, and my projector handled them perfectly. We are looking forward to subsequent showings.

John B. Green
Richmond Coin Club

The members of the Club appreciate the privilege of seeing and studying these (U. S. Types, Quarters to Dollars) wonderful slides. We had several visitors present at last night's meeting and all comments were of a very complimentary nature.

E. R. Anderson
Chattanooga Coin Club

I thought that your statement in *The Numismatist*, that one club had seen all four sets, referred to our Club, but it is a little hard to understand why the other clubs are not taking advantage of this excellent material.

M. E. La Bounty
Omaha Coin Club

This lecture (U. S. Types, Half Cents to 20-Cents) was very well received and we received nothing but compliments on it.

David M. Bullowa Re-Appointed

The Numismatic Society of South Australia has again appointed David M. Bullowa, 37 South 18th Street, Philadelphia 3, Pa., as special representative in the United States for the year 1950-51. The Society is endeavoring to increase its membership in its Silver Jubilee Year and membership by American collectors is particularly solicited. Dues, which are \$2.30 annually, include subscription to the *South Australian Numismatic Journal* which rates among the most interesting of present-day numismatic publications. Mr. Bullowa would be pleased to hear from those who are interested in becoming members of this progressive Society.

George H. Blake on Sick List

Members of the A.N.A. will be saddened to learn that our veteran member George H. Blake is on the sick list.

He has had to close his house in New Jersey and is now living with his daughter at 79 Summit Road, Port Washington, Long Island, New York. We all wish you a speedy recovery, George, and you will be hearing directly from many of us.

Pure Nickel Coins

During the early part of 1950, India continued the issue of coinage in pure nickel and cupro-nickel, a program which had been carried on since the end of the war.

The Burmese Government in 1950 issued pure nickel in the half and quarter rupee coins, making a total of 126 pure nickel coins in forty-three countries since the adoption of the first pure nickel coinage by Switzerland in 1881.

Hans Schulman Announces Important Sale

Ancient coins, both Roman and Greek, from the *J. Pierpont Morgan Collection*, rarities consigned by the celebrated New York numismatist *Wayte Raymond*, Spanish-American series from the *Howard Gibbs Collection* of Pittsburgh, and many other fine consignments will make up an important public auction sale to be held April 26, 27, and 28 at the Waldorf-Astoria in New York. Other series included in this sale, which will be a true, unrestricted auction, are Chinese rarities from the *W. Tracey Woodward Collection*, coins from the estate of *Max Schulman* of Amsterdam, Holland, United States coins, medals, and tokens from the estate of *B. G. Johnson* of St. Louis, and an estimated \$10,000 worth of gold coins which are to be sold under all circumstances, as per instructions from the consignors.

A well-illustrated catalog is now in preparation and will be available to the collectors about February 1. For information about this important auction sale, write to Mr. Schulman at 545 Fifth Avenue, New York.

Notes of the Trade

The current issue of *Kelly's Coins and Chatter* offers several series of U. S. coins at fixed prices. Of especial interest to collectors of gold is the series of \$3 gold pieces dating from 1854 to 1889 and ranging in condition from very fine to proof. Other listings cover U. S. commemoratives, small cents, nickel 5-cent pieces, quarter dollars, proofs, etc.

As usual, the "chatter" is carefully edited and will prove of interest to all collectors. The List is issued monthly and the subscription is \$1 a year, the subscription being refunded with the first \$10 purchase. A sample copy will be sent without charge. Address, James Kelly, 3rd and Broadway, Dayton 7, Ohio.

The Mount Vernon Coin Company, P. O. Box 470, Arlington, Virginia, has recently issued a Fixed Price List of foreign and United States coins. Many of the minor coins have been grouped in quite comprehensive collections and should prove of interest to those who specialize. A copy will be sent without charge to those requesting it.

B. M. Douglas, 730 Oneida Place, N. W., Washington 11, D. C., has recently issued his Fixed Price List No. 53, which is devoted mostly to Colonial and regular U. S. series. It is free for the asking but Mr. Douglas warns that the printing was a small one and that he cannot promise to supply it forever. Suggest you write for it at once.

A 12-page Fixed Price List of United States, colonial, foreign and ancient coins, as well as paper money, medals and tokens has been put out by L. S. Werner, P. O. Box 152, Washington Bridge Station, New York 33, New York. The 1762 lots listed include many rarities but there is plenty offered for beginners in all series. There is no charge for a copy of this list, but, as with all such requests, a stamp should be enclosed to cover postage.

Numismatic Gallery Moves

The Numismatic Gallery announces a move on January 1 to a new location at 228 North Beverly Drive, Beverly Hills, California.

In addition to the usual numismatic activities, the owners, Messrs. Kreisberg and Kosoff, have established an Antique Gallery at the same address.

Our Warlike Heraldic Designs

Dear Mr. Mosher:

The December, 1950, *Numismatist* "Notes & Queries" had Mr. Guild's letter asking why the arrows on the "Heraldic" reverses until 1807 were changed to the right or dexter talon, negating the idea portrayed on the Great Seal that our warlike aims were only secondary. Your reply said in passing that the only other U. S. coin between then and 1907 with the same error was the trade dollar.

Among U. S. regular issues, there actually was one other coin in the same period as the trade dollar with the same feature—the twenty-cent piece, which Mr. Comparette evidently forgot about also when he wrote up the same question in the introduction to the 1914 Mint Catalogue. This is really only half an error, since the eagle design (though not inscriptions) is the same on both pieces except for the size and length of arrows and olive branch.

This heraldic error apparently can be ascribed principally if not entirely to William Barber; it appears on quite a number of his patterns of the same period, 1872-77. The entire 1872 gold set and Amazonian silver set, plus a half-eagle pattern of 1873 (AW1286) and at least six of the ten Trade Dollar reverses (AW1247, 1303, 1324, 1337, 1338 and the regular type) have the same feature, as do the pair of Barber gold patterns of 1875, AW1403 and 1406, the regular twenty-cent reverse (illustrated by Adams over AW1433 for comparison) and its pattern variant in AW1453, and two 1877 half dollars with the reverse of AW1534, WR71 and 73. The militaristic idea was especially prominent on the 1872 Amazonian set, and it would seem to have been intentional; this design lacks both the word LIBERTY and the olive branch for peace, having instead the Amazon Queen Hippolyte, with two eagles, two shields, a sword and three arrows, and draped over the reverse shield "In (this) God we trust," suggesting the Bismarckian *GOTT MIT UNS* or perhaps Cromwell's "Trust in God and keep your powder dry" sentiment. Perhaps the coiners were anticipating by a few years Teddy Roosevelt's "big stick" foreign policy, and this may be the real answer to the question why coins designed for international circulation had the arrows in the dexter claw, if indeed it was more than an error.

I recall that on at least two other

occasions when war feeling ran high in the United States, the sentiments were reflected in the coin designs. The more recent one was the 1916 "Mercury" dime with the authoritarian device of the fasces, symbol of the power of life and death; the other was the heraldic reverse of 1798-1807 with the arrows in the dexter claw, which provoked Mr. Guild's letter. In that nine-year period we narrowly escaped a war with France (over the X-Y-Z affair and other disagreements) and a war with England over the impressment of American sailors into British ships, and we did have a small-scale war with the Barbary pirates around 1804-5, remembered today in the first line of the Marines' Hymn.

Of course this is all coincidence, but certainly most unusual and appropriate coincidence; or perhaps Juno Moneta in a whimsical mood—or the engravers' subconscious minds—might have been responsible for these instances of militarism on our coins.

Most cordially,

—WALTER H. BREEN

To Universities, Museums, Libraries, Art Dealers, and Booksellers

It is the responsibility and desire of the Government of the United States to recover and return to owner nations those cultural objects, including works of art, archival material and books, looted, stolen or improperly dispersed from public and private collections in war areas and brought to the United States during and following World War II.

This responsibility has been shared by American institutions and American citizens. The response of museums, libraries, and dealers to a circular letter from the American Commission for the Protection and Salvage of Artistic and Historic Monuments in War Areas requesting information about objects without a clear title has led to the recovery by this Government of a number of items of artistic and historic importance. The continued vigilance of American institutions and individuals in identifying cultural objects improperly dispersed during World War II is needed.

Your cooperation in notifying the Secretary of State, Washington 25, D. C., concerning such objects which may come to your attention will be appreciated.

Gold Certificate Seized

When the Northwest Coin Club is host to the Central States Numismatic Society convention, in Minneapolis, Minn., May 11, 12, and 13, at least one \$10,000 bill will NOT be exhibited.

Ed. E. Westman, the Club's genial exhibits chairman, recently acquired an old canceled \$10,000 Gold Certificate. He wrote to the Treasury Department for information, and was requested to return it to them. He then asked to keep the certificate for exhibit purposes. No response—but he did receive an invitation from the Secret Service office in St. Paul, Minnesota, to visit them with the note.

Ed says that he left their office with a receipt for the canceled certificate, and a fine lesson in diplomacy!

Sells Toasters for 25 Cents Each

Herbert G. Johnson of Yakima, Washington, reports that a non-nu-

mismatic drug store manager of that city offered to sell electric sandwich toasters for 25 cents each providing the coins were dated 1932. Much to his chagrin he disposed of his entire stock of thirty toasters within one hour. Unless he took in some of the "D" and "S" 1932 quarter dollars he is out money on the deal.

To Write on Medal Collecting

Dear Mr. Mosher:

I intend to write a history of medal collecting in America including a survey of existing public and private medal collections. Only *medals* (no coins or commemorative coins) are to be dealt with.

I should appreciate receiving information from museums and private collectors concerning subject, number, and history of their collections. References to printed material on such collections are also welcome.

CSNA TO MEET IN SANTA CRUZ APRIL 6 TO 8

The eighth semi-annual convention of the California State Numismatic Association will be held in Santa Cruz, Calif., April 6-8. Convention headquarters will be located in the Casa Del Rey Hotel, just a step from the famous Santa Cruz Beach and Boardwalk.

Three ground-floor rooms have been arranged for the bourse, auction, displays, and banquet. Reservations may be sent directly to the hotel management.

Robert G. McArthur, 1950 president of the East Bay Coin Club, Oakland, will be convention general chairman. Committee members serving with him are Earl A. Parker and William H. Smith, San Francisco; C. Fred Skillman, Santa Cruz; and Charles V. Kappen, president of the San Jose Coin Club. Additional committee chairmen and members will be named by McArthur.

Something different in the way of auctions will be conducted by Paul H. Wittlin, Carmel, Calif. Wittlin will conduct a "free" auction for the state association. A charge of 5 per cent will be made on consigned coins of \$5 or more value, and 25 cents on coins of lesser value, in order to defray auction expenses. Any unused expense money will be turned over to the CSNA. Anyone is free to consign coins. Wittlin's expressed purpose in conducting a low-cost, non-profit sale is to give the average or small collector an opportunity to buy or sell coins with a minimum of expense, and to become better known to California collectors.

Obituaries

NANCY MERRILL, A.N.A. NO. 12373

The Boston Numismatic Society has suffered a great loss in the death of its member, Nancy Merrill, daughter of Dr. and Mrs. Elmer Merrill of Jamaica Plain, Mass. Actively sick less than four weeks with a heart condition, Nancy passed away December 29, at the age of 34.

Her interest in numismatics began during the last war when friends sent her coins from abroad, and she became one of the most ardent, interested, and informed members of our Society. She was a member, too, of the American Numismatic Association, American Numismatic Society, Collectors Club, Society Historia, Numorum and the New England Numismatic Association. While she had a large collection of Crowns, her great interest was in coins depicting animals, and her collection of Roman Empresses was outstanding.

Vitally interested in our Society, a faithful attendant at meetings, she was a willing, quiet worker and had served on many committees. She will be well remembered and greatly missed by those of us who had the privilege of calling her friend.

ARTHUR W. DEAS, A.N.A. NO. 3572

The numismatic and philatelic world lost one of its outstanding members with the death of Arthur W. Deas which happened December 3, at St. Francis Hospital in the Bronx.

Before his retirement eighteen years ago from the New York Telephone Company he had been a division auditor of that company for thirty-five years.

Mr. Deas for a number of years was president of the New York Collectors' Club. In 1938, as secretary of the National Federation of Stamp Clubs, he directed a national stamp exhibition at Rockefeller Center. He was author of "Description of United States Postage Stamps," a best-seller which he revised in 1940.

He served five years, from 1935 through 1940, as president of the New York Numismatic Club. In 1941, he was appointed chairman of the American Philatelic Society's committee for a philatelic hall of fame. The same year he was elected a director of the Society of Philatelic Americans.

In January, 1941, when he retired as president of the New York Numismatic Club after five years in office, the club struck a medal in his honor, featuring a profile bust portrait of him.

Surviving are his wife, Mrs. Anna V. Sealy Deas; three sons, George N., Harold, and Arthur W. Deas, Jr.; two daughters, the Misses Joanne and Jeanne Deas, and a sister, Miss Georgia O. Deas.

Reports of Club Meetings

SECRETARIES PLEASE NOTE: Reports should be made promptly. Copy must be received by the 7th of the month to insure insertion in the following month's issue. As a usual thing a copy of the minutes is sent in, and almost invariably a number of items of local concern only must be cancelled. The justification for publishing these accounts lies in the numismatic information—and encouragement—to be derived by collectors generally, regardless of location. On this basis we feel it advisable to revise and condense, and, incidentally, the by-product of this course is conservation of valuable space.

ALLEN COUNTY COIN CLUB—The 58th meeting was held December 6th, at the club rooms at 210 South Main St., Lima. John Marks was elected president, Chester Cable, Jr., was elected vice president and Winnifred Wilson, secretary and treasurer. C. C. Shroyer announced the Spring Convention of the Ohio State Numismatic Association will be held in Toledo, April 7th and 8th at the Secor Hotel.

—WINNIFRED WILSON, Secretary

ARKANSAS VALLEY COIN CLUB—The December meeting was held at the Paul Thomas residence in Fort Lyon, Colorado.

During the course of the evening, L. A. Henderson of Las Animas was accepted as a new member of the club.

The major portion of the meeting was spent discussing club projects for the coming year, among the most important of which was the activities to be undertaken by the club during National Coin Week. The club also authorized President Boraker to proceed with the printing of the constitution and by-laws, so that copies would be available to all members.

The following officers were elected for 1951: president, Herman Boraker; vice president, C. T. Grounds; secretary-treasurer, Joseph Galba.

The members enjoyed a talk by Ben Busch of Rocky Ford who discussed the monetary and financial situations of several European countries he had visited during the past summer. He brought along several present-day coins and currency from the countries he visited.

—E. C. TRECHTER, Secretary

ASHEVILLE COIN CLUB—Members and wives were entertained for the November meeting in the home of the club's first president, Gustav Lichtenfels. Mr. Lichtenfels exhibited some unusual Colonial and Washington pieces. After adjournment his wife presided over a much appreciated buffet supper.

The display mentioned above is in a case made by one of the club members. Lined with green velvet it provides an attractive setting for from 50 to 80 coins with plenty of space for labels. It attracts considerable attention and has put the club in contact with several beginning collectors; we expect an increase in membership as a result. We will be glad to furnish specifications for the case to any club wanting to try it out. —HAROLD A. HICKS, Secretary

ATLANTA COIN CLUB—The 384th meeting was held at the Henry Grady Hotel with 8 members and two visitors present.

The Club received a new member, Mrs. J. H. Bowden.

Mr. Naff was in charge of our program and gave a very interesting talk on the "Evaluation of Coin Collections." He emphasized the importance of cleaning and straightening up and keeping in order a collection of coins before offering for sale. This way the coin collections will be much more valuable to the seller and the purchaser alike. Mr. Naff gave us information as to cleaning a coin without damaging it, and recommended cleaners.

—DOROTHY C. POPE, Secretary

BAY CITIES COIN CLUB—The last meeting of the year was held December 13th, at Harvelle's restaurant, Santa

Monica, President Karl Bralnard presiding. There were 20 members present and no guests. The evening was spent in discussion of what has been done and what could be done to make the Club a bigger and better one.

The new officers are: President, Ben Schwartz; Vice-President, Ken Older; Secretary, Margaret Snair; and Treasurer, C. Max Wedertz. Board of Governors are Joe Block and Perry Ward. For the benefit of those that read *The Numismatist* and want the address of our Secretary, it is Miss Margaret Snair, 2212 Patricia Ave., West Los Angeles, Calif. All correspondence that has been sent to me as secretary of the Bay Cities Coin Club should now go to Miss Snair.

There were several suggestions made at the Club for the good of the order. They were: Have auctions, have speakers at meetings, have display boards, have bulletin board with coins for sale, and coins you want to buy, so that if you are looking for a particular coin you may find it right there in your club. It was moved and seconded that we become a member of the A.N.A. again this year.

Stuart Mosher, I want to thank you from the bottom of my heart for the patience and kindness that you have shown me thru this year of being secretary for the Club. I have enjoyed writing to you. I feel that you are one of us, and I don't envy you your job, especially if all reports are written on the order of mine. Happy New Year to you and to all the *Numismatist* readers.

— MRS. C. MAX WEDERTZ,
Secretary

BIRMINGHAM COIN CLUB — The December meeting was in the form of a Christmas party held at the home of Mr. and Mrs. Harry Breed. The party was enlivened by tricks and illusions of magic by Mr. Breed. He also displayed talent in making novelty frozen sweets in the shape of lighted trees. Gifts of the joke type were drawn from a grab bag. It was a very delightful party.

Type coin sets were shown and discussed. It was of interest to know that new coins were available at the larger banks for local collectors. A supply of "D" mint coins has appeared, which is rather unusual for this area. Samples of this new money showed few scratches and are in better than average mint condition. Several mounted displays of Confederate notes and currency were exhibited by Mr. Breed.

— H. E. WATKINS,
Secretary and Treasurer

BOSTON NUMISMATIC SOCIETY — Our 810th meeting was preceded by a Christmas dinner — and followed by a short business meeting and gala party at the Copley Plaza. Joe deLellis had charge of the music, and there were dancing, singing, gifts and further refreshments, all of which made up the pleasantries of a numismatic gathering.

Edmund A. Rice, Prospect Plains, N. J., became a member.

Mr. Lowenstam, Chairman of the Nominating Committee, reported the following slate for 1951 — all being voted in: President, Guiseppe deLellis; Vice-President, Maurice Gould; Secretary, Mrs. Shepard Pond (Drafted); Treasurer, Henry Schuhmacher; Trustee, Lewis W. Pollard; Curator, Goodwin Bangsberg; Councilors, Joseph Powers and Earl V. Tuttle.

Directors, Dr. C. L. Emmons, Stewart Bingham, Vreeland H. Fraser.

Attempts to nominate opposing candidates proved futile, as usual.

The program for the evening was a fine talk on Coins of India by Dr. Rich, the president-elect. The speaker gave an historic outline, graphically illustrated by a large chart, of coinage by the various mints of ruling principalities. The chart also showed the principal variations in design and inscriptions by which the time and place of origin can best be determined. This was especially interesting and instinctive for those who find Indian coins difficult to decipher and classify.

A large and well-arranged display of ancient and modern coins of India was also exhibited by Dr. Rich.

Sergeants Jim Colby and Chas. Las-kowski of El Toro Marine Air Base were welcomed as guests.

After the program, refreshments were served, and then a snappy auction under the hammer of S. M. Koepfel concluded the evening.

The program of the evening was given by F. Emmett Peake. His talk was something in the way of a yearly inventory of the advantages offered to a member of the R. N. A. A proper meeting place, well-planned programs, a large library of standard reference books, a large Numismatic collection, a fine new slide projector, a constant flow of auction material, and the association of a large group of outstanding Numismatists. Congratulations were extended to Mr. Peake, on a real "Wake Up" program.

SEATTLE COIN CLUB — The last meeting of 1950 was held in the lounge of the Prospect Congregational Church on Thursday evening, December 28. Despite the attempt to set a date whereby our meeting would be closer to that of Portland (Oregon Numismatic Society) it was deemed wiser to swing back to our old meeting date permanently — the last Thursday of every month. Two of the Charter members of the Club are able to attend only on this last date, and these boys should certainly have that consideration.

New officers for 1951 were elected as follows: President, Waldo Christenson; Vice-President, Christian Petersen; Secretary, W. E. Daniel; Treasurer, Ray Pelton; Executive Board Members: Paul Fouts and Howard Glickert.

The new officers were installed at the Annual Banquet in January at the Frye Hotel. The meetings during 1951 will be held at the Frye Hotel, because the majority of the club membership voted to move back to a central meeting place, even though it means no "snack and coffee" following the meeting.

It is very noticeable and commendable that those exhibiting coins are finding out more about their acquisitions and are giving the club members more of the historical background of the specimens they exhibit.

Our own Edward (Pop) Flieder, Mrs. Flieder, and Mrs. Lola Cliffe presented Czechoslovakian coins and gave us pertinent facts concerning Czech history from the inception of the country to the present day. "Pop" was born in Bohemia where the Joachimsthaler was struck, and knows the country of his forefathers well.

Exhibits:

W. E. Daniel: 16 beautiful pieces of Westphalia Notgeld; six newly-acquired Hard Times tokens, bringing his collection to 100 different pieces now.

Steve Bibler: Eight different "saddle-blanket" bills.

Duane Carlson: Lincoln Cent and Indian-head Cent boards filled except for rare dates. Fine work for a Junior.

Bert Wagner: Canadian Large and Small Cents, complete with very fine specimens.

Lester Hall: Prison Camp Money from Germany (acquired there personally). Philippine Peso and .50, 1936. Pres. Quezon and Roosevelt.

David Graham: Complete Lincoln cents acquired from circulation since September. Is this a record?

Mary Lake: Reported on the article in the November *Reader's Digest* on Nellie Tayloe Ross.

Waldo Christenson: 1887-S Dime with a Chinese chop-mark. Has anyone else found a coin of small denomination with chop-marks? Several Roman Bronzes and Silver Denarii.

Craig Demond: Two types of the Sucre of Ecuador. Crown of George III, England.

"Pop" Flieder: 1799 Dollar with two leaves. Lafayette Dollar. Sesquicentennial Half.

Gene DeNise: 100 Japan, Korea, and China charms and amulets from the Ecklund Collection. Also 50 patterns and proofs of Great Britain from the Ecklund Collection to be sold at auction in February.

— GENE DeNISE, Secretary

WESTCHESTER COUNTY COIN CLUB

— Acting President Pearson welcomed 12 members and their guests to the 198th regular meeting, held December 19 at the New Rochelle "Y." Matters of business were suspended in order that the auction sale of more than 140 lots could be conducted. Prior to the auction, however, the slate for officers for the coming year was read by the secretary and unanimously approved by the members. The secretary cast one vote and the slate was elected. Messrs. Leonard F. Barcus and Edward A. Verga were unanimously accepted into membership in the club. The meeting was adjourned following which a most successful auction was conducted by Auctioneer Ken Marsden, assisted by Messrs. Dewey and Weidhaas. President Pearson extended the thanks of the club to Mr. Weidhaas and others who participated in the preparation of a catalogue and the organization of material for the sale.

Selfridge, President; Fred Cooley, Vice-President; I. E. Rumpf, Treasurer, and H. G. Spore, Secretary. Motion was made to accept the nominations without further vote, officers to officiate at the December meeting. The motion carried.

The highlight of the evening was an interesting and descriptive talk concerning the California Semi-Annual Coin Convention, held in Long Beach, by Lewis Reagan. He also gave his report on the Kansas-Oklahoma Convention held at Tulsa, Okla. The Bi-State, that of Kansas and Oklahoma Convention, will hereafter be known as the O-K Convention.

WICHITA COIN CLUB—The 45th meeting of the Club was held at Wolf's Cafeteria with a dinner preceding the regular meeting. Attendance numbered 27, including members and visitors. Following the dinner, President Ted Hammer opened the meeting by having the November minutes read; they stood approved. The floor was given over to Lewis M. Reagan, our A. N. A. General Secretary, who introduced the new officers for 1951. New officers are: O. J. Selfridge, President; Fred Cooley, Vice-President; I. E. Rumpf, re-elected Treasurer, and H. G. Spore, re-elected as Secretary. On retiring from office, President Ted Hammer was presented with a gavel by the secretary, with the inscription of his name, office, and date of serving on a silver nameplate.

Jock Reid, formerly from Australia, now residing in Wichita, gave a most interesting talk about his native country, having a colored moving picture to show, showing the wild life on land, sea, and air, main industries, principal crops, customs of people, and beautiful scenes of cities, country, lakes, streams, and oceanside. It was an evening of utmost enjoyment for all, and he followed the showing of the picture by a talk on the political relations between Australia and the U. S. Both his talk and lecture were given a rousing hand of applause.

—H. G. SPORE, Secretary

WILKES-BARRE COIN CLUB—The Club observed its seventh anniversary with a buffet supper at the Central Y.M.C.A. on November 16. Thirty-five of the 50 active members were present, together with four guests.

William L. Clark, Assistant Curator of the American Numismatic Society Museum in New York, talked of the evolution of our modern coins, especially the dollar, and displayed slides to illustrate his talk.

Dr. O. K. Grier displayed foreign gold coins equal in size to our twenty-dollar piece and larger. Dr. A. M. Thomas showed his collection of large cents, which now lacks only the most rare varieties, and the secretary paraded about 200 different Bungtown tokens.

The annual election resulted in the retention of the present officers, namely: F. B. Moore, President; W. C. Maxwell, Vice-President; George P. Williams, Secretary, and H. W. Kennedy, Public Relations Officer.

—GEORGE P. WILLIAMS, Secretary

You May Have Been Wondering —

IN the January issue of this magazine my good friends of the Numismatic Gallery as well as myself announced separately the sale of the United States Half-Eagle of 1822 for the largest sum an American coin ever sold for!

Both statements are correct!

The facts are that I bought the coin from these gentlemen for the largest price a United States coin had ever sold for. And then resold it, of course at a fair profit, to a private collector for a still larger sum.

Cordially,

B. MAX MEHL

AND right now (or at any time, for that matter) I am in the market to buy at good prices (good to you) any rarities or entire collections — small or large. Try me with what you now want to sell. You may be surprised at the prices I pay. You know, there must be a mighty good reason why so many collections from every section of the country come my way.

Write me NOW. You will receive a prompt and friendly reply.

Be Smart—Sell Your Coins to an ENTERPRISING Dealer!

"The Tatham Stamp & Coin Company is one of the largest firms of its kind, and certainly one of the most enterprising." — *New York Sun*.

ADVANTAGES IN SELLING TO THE TATHAM STAMP AND COIN COMPANY:

LARGE CONCERN.

We are one of the largest numismatic concerns in the entire world. We own our building, and occupy nearly 5,000 square feet of floor space, devoted to commercial philately and numismatics exclusively. We employ nearly thirty people, including some of the best experts in our field.

LARGE SALES OUTLET.

Our sales are nearly \$200,000 annually, and in order to replenish our stock we must purchase a tremendous amount of material annually. We mail catalogues to more than 12,000 collectors annually — one of the largest numismatic mailing lists ever assembled.

LIBERAL PRICES PAID.

Our reputation for paying liberal prevailing prices is widespread. Someone in nearly every town or hamlet in America has had very favorable dealings with the Tatham Stamp & Coin Company.

PROMPT SERVICE.

It is our policy to answer all inquiries (enclose a 3c stamp for reply), and make most appraisals within 24 hours. We are noted for our promptness in handling transactions.

SATISFACTION GUARANTEED.

We guarantee absolute satisfaction on all transactions, whether you buy or sell. We realize that this is the most essential element in modern business on which to build and create good will.

FREE APPRAISALS.

We extend a free appraisal service to the public who may wish to call at our office. We also extend this service to our patrons by mail. This service places the seller under no obligations whatsoever.

If you wish to have an appraisal by mail, first send us a complete description of the material for sale. We cannot assume the responsibility of appraisals on miscellaneous shipments submitted voluntarily contrary to our instructions.

RELIABILITY.

When submitting your collection to the Tatham Stamp & Coin Co. you place the utmost confidence in our reliability. We are members in good standing of the leading national and international numismatic and philatelic Societies, with ample financial backing to handle your transaction without delay. For reference we refer you to Dun and Bradstreet.

SECURITY.

When your material has been placed in our hands you are assured of complete security. Everything you submit for appraisal is carefully placed in our vaults, fully covered by fire and burglary insurance while in our possession. Furthermore, every employee in our organization is bonded, just as the employees in your bank in which you place your money for safekeeping.

FREE BOOKLET OF INFORMATION: We will send you FREE, upon request, our 24-page booklet of information entitled "Before You Sell." Send for your copy today, for it may mean considerable profit to you.

Recently Published:

THE UNITED STATES EARLY SILVER DOLLARS FROM 1794 TO 1803.
— By M. H. Bolender.

The only former reference work was Haseltine's list published in 1881, merely a pamphlet or sale catalogue with no plates. This new work follows Haseltine's numbers, but with additions and corrections, plus a simplification of descriptions and the important addition of illustrations of the eighty-four obverses and the seventy-five reverses. Quick-finding lists and helpful tables make attribution not only quick and easy, but accurate and pleasant.

The descriptive list is prefaced by a history of early silver dollars, and a loose-leaf valuation sheet is included quoting current prices of all varieties in five condition grades.

This book is the result of some 40 years' experience and collecting, during which time over 5,000 specimens were examined. A record of the frequency in which each variety appeared was kept, and the degree of rarity given in the text.

This attractive large volume, size 9¼ x 12¼ inches, is quality printed, and handsomely bound in blue cloth, lettered in gold.

The price is \$10.00 which is no more than the Haseltine reprints cost today (and those are with no plates). We believe you can make no better investment today, than by adding this useful book to your library, and if it does not bring you a great deal of pleasure also, your money will be cheerfully refunded upon return of the book.

All you want of the other rolls. Cost: By the roll only, face value plus 10% and postage. Minimum charge of \$1.00 on orders under \$10.00. Coins are uncirculated as they come from the Mint.

COMPLETE SETS OF 1950 COINS

Something for Everyone

While United States coins are emphasized in the Numismatic Scrapbook Magazine, each issue is a "balanced" issue with a variety of subjects from ancients to next month's wooden nickel issues. If you are actively buying or selling . . . the Numismatic Scrapbook Magazine is a "must" . . . its advertising columns are truly America's Numismatic Market-Place.

Odd and Curious

COWRY SHELLS "Cypraea moneta" and C. Annulus (ring). One of the earliest forms of money and the one to have the distinction of circulating over the greatest range of any form of money. (The closest coin to achieve this distinction was the Spanish Milled Dol.) These shells still are used in Sierra Leone. Five shells mixed sizes and types for only \$1.00 Postpaid.

(This is enough to buy a good pig in some countries.)

If you are interested . . .

In building up a really nice set of
brilliant uncirculated Commemora-
tive Half Dollars, and can raise as
little as \$5.00 to \$10.00 a month
for that purpose, then you should
get acquainted with my Approval
Shipments.

Just let me know two things:
which Commemorative Half Dollars
you already have, and if you want
to collect a COMPLETE set of 127
coins, or the TYPE set of 47 coins.
Your first Approval Shipment will
come by return mail. No obligation,
except of course to pay for coins
you keep. Better get started right
away; it may be too late after 60
years!

(Also, I am always in the market to buy
Comm. Half Dollars, one coin or 1000,
and pay highest prices.)
